

Actively Managed Certificate Absa Investments Equity AMC Portfolio

Minimum Disclosure Document - 31 October 2025

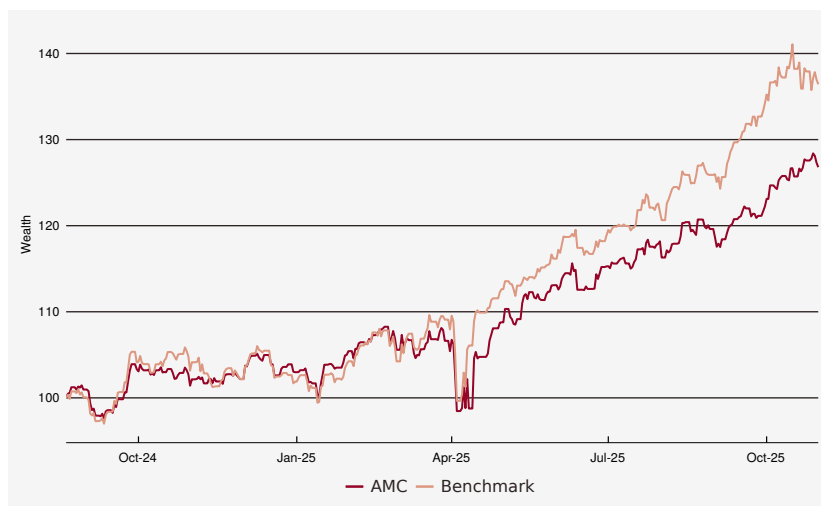

Portfolio objectives and strategy

The objective is to exceed the performance of the FTSE/JSE All Share Index over the longer-term (on a risk-adjusted basis). Shares selected are usually from the top blue chip companies listed on the JSE (represented in the Top40 Index) but may also be selected from the middle range of companies represented in the FTSE/JSE Mid Cap Index. Holdings are chosen via a rigorous investment process that selects the shares with the most favourable forecast returns on a rolling one and two-year basis. This AMC is ideal for clients who seek growth from a traditional JSE equity portfolio and who accept the risk of short-term market volatility.

Further information is contained in the Pricing Supplement of ABAM1, which must be read together with the Master Structured Note Programme Memorandum of Absa Bank Limited (dated on or about 16 August 2021).

Risk statistics

Statistic	AMC (%)
Risk (Ann.)	29.81
Max. Drawdown	-9.05
Best Month	-
Worst Month	-
Best Annual Return	25.03
Worst Annual Return	18.18

Annualised return is the weighted average compound growth rate over the period measured. Performance is calculated using the NAV of the Portfolio and represents only past performance. An individual's performance may differ to that of the portfolio as a result of initial fees, brokerage, actual investment date, dividend withholding tax and income reinvestment date. The reinvestment of income is assumed to be effected on actual distributed amount net of withholding taxes; and on distribution payment date.

Legal disclaimer

This brochure/document/material/report/communication/commentary ("this commentary") has been prepared by the corporate and investment banking division of Absa Bank Limited, a registered bank in the Republic of South Africa with company registration number 1986/004794/06 and with its registered office at ABSA Towers East, 3rd Floor, 170 Main Street, Absa Towers West, 15 Troye Street, Johannesburg 2001, Republic of South Africa ("Absa"). Absa is regulated by the South African Reserve Bank. Absa has issued this commentary for information purposes only and you must not regard this as a prospectus for any security or financial product or transaction. Absa does not expressly, tacitly or by implication represent, recommend or propose that the securities and/or financial or investment products or services ("the products") referred to in this commentary are appropriate and/or suitable for your particular investment objectives or financial situation or needs. This commentary is not, nor is it intended to be, advice as defined and/or contemplated in the Financial Advisory and Intermediary Services Act, 37 of 2002 ("FAIS Act"), or any other financial, investment, trading, tax, legal, accounting, retirement, actuarial or other professional advice or service whatsoever ("advice"). You have to obtain your own advice prior to making any decision or taking any action whatsoever based hereon and Absa disclaims any liability for any direct, indirect or consequential damage or losses that you may suffer from using or relying on the information contained herein, even if notified of the possibility of such damage or loss and irrespective of whether or not you have obtained independent advice. This commentary is neither an offer to sell nor a solicitation of an offer to buy any of the products, which will always be subject to Absa's internal approvals and a formal agreement between you and Absa. Any pricing included in this commentary is only indicative and is not binding as such on Absa. All the risks and significant issues related to or associated with the products are not disclosed and therefore, prior to investing or transacting, you should fully understand the products and any risks and significant issues related to or associated with them. The products may involve a high degree of risk, including but not limited to, the risk of (a) low or no investment returns, (b) capital loss, (c) counterparty or issuer default, (d) adverse or unanticipated financial market fluctuations, (e) inflation and (f) currency exchange. The value of any product may fluctuate daily as a result of these risks. Absa does not predict actual results, performances and/or financial returns and no assurances, warranties or guarantees are given in this regard. The indicative summaries of the products provided herein may be amended, superseded or replaced by subsequent summaries without notice. The information, views and opinions expressed herein are compiled from or based on trade and statistical services or other third party sources believed by Absa to be reliable and are therefore provided and expressed in good faith. Absa gives no recommendation, guide, warranty, representation, undertaking or guarantee concerning the accuracy, adequacy and/or completeness of the information or any view or opinion provided or expressed herein. Any information on past financial returns, modelling or back-testing is no indication of future returns. Absa makes no representation on the reasonableness of the assumptions made within or the accuracy or completeness of any modelling or back-testing. All opinions, views and estimates are given as of the date hereof and are subject to change without notice. Absa expressly disclaims any liability for any damage or loss as a result of errors or omissions in the information, data or views contained or expressed herein even if notified of the possibility of such damage or loss. Absa does not warrant or guarantee merchantability, non-infringement of third party rights or fitness for a particular use and/or purpose. Absa, its affiliates and individuals associated with them may (in various capacities) have positions or deal in securities (or related derivative securities), financial products or investments identical or similar to the products. Absa intends to make this commentary available in South Africa to persons who are financial services providers as defined in the FAIS Act, as well as to other investment and financial professionals who have professional experience in financial and investment matters. You should contract and execute transactions through an Absa Bank Limited branch or affiliate in your home jurisdiction unless local regulations permit otherwise. Absa Bank Limited is a licensed financial services.

Glossary of terms

Annualised Return - The weighted average compound growth rate over the period being measured.

Annualised Risk - A measure of how much the investment return varies from its average over time.

Constituent Security - A stock which is part of a larger portfolio.

Drawdown - A measure of the deterioration of the portfolio from its historical peak (highest level of the fund), measured since the relevant reference point.

Actively Managed Certificate (AMC) - It is a note issued by the Issuer and listed on the JSE. This note provides the investor with exposure to the returns of the Reference Portfolio, which is managed on a discretionary basis by the Reference Portfolio Manager, in terms of the mandate.

Portfolio Risk - A measure of the risk inherent in a portfolio incorporating individual stock volatility as well as the covariance structure of stocks in the portfolio.
